PRODUCT GUIDE

INDEX

Welcome to
BUREAU

1. Exceptional product quality at a price that's within your reach.

From their modern and modular design to their high-end performance, our products are the definition of quality. But don't let that scare you (or rather, your finance team). We believe that form and functionality belongs to everyone, which is why you can always expect us to deliver a premium product without the premium price tag.

Brag-worthy customer experiences that exceed your expectations. **2.**

We're obsessed with making things easy. When you work with us, we want you to be so impressed by your experience that you can't stop talking about it.
We take pride in every product and installation, which is why you can always expect professional, personalised, and responsive care every step of the way.

3. Fast and frictionless service from start to finish.

We don't waste time — ours or yours. In the fast-paced world of doing business, we understand the value of your time. That's why we've made the experience of working with us as streamlined and hassle-free as possible, which means you get what you need, when you need it. It's the opposite of complicated.

Mission & Philosophy

Workspaces can be hard work. Ever since open-plan became pretty much the only-plan, workplace design and culture have often focused on surface-level trends. Ping-pong tables and beer taps are well and good, but we're more interested in what truly inspires focused, meaningful and lasting work. Utilising technology, we design spaces that flex and modulate to the ever-changing, often abstract, but always fascinating needs and behaviours of its people, furnishing businesses with the tools they need to design and inspire workspaces that work.

Empower your workspace with Bureau.

CREATE, FOCUS, ACHIEVE.

The Team

Bureau is trusted by the world's leading brands.

Thousands of successful installations worldwide. Seamless delivery and installation managed through our trusted network of trained global installers. Dedicated Bureau project managers oversee the process, ensuring efficiency from logistics to completion.

BUREAU

Why Bureau?

The top choice for practical, design-focused, businesses.

Superior soundproofing technology

Best value on the market

Customisable design and finished

Hands-on support from real humans

Fast lead times and White Glove installation

The ideal alternative to construction

BUREAU

TIME MACHINES

How many times per day are you interrupted while you're in the middle of something important?

Those constant interruptions average 23 minutes of productive time wasted. That comes out to around £10,000 worth of lost time each year for an average employee.

We solve that problem with our 'Time Machines'. We have designed our booths to reclaim your time and attention; your most precious commodity.

Our booths will enhance your productivity, save you time and money, and help get you and your team focused on the work that matters.

Step into any one of our office booths for calm, uninterrupted productivity.

For more information and to calculate how much distractions are costing you, visit our distraction calculator withbureau.com/uk/calculator.

TUESDAY SERIES

Tuesday

Soundproofing. Comfort. Flexibility.

Our Most Affordable Soundproof Booths

Our Tuesday booths offer the best value in our lineup – delivering premium soundproofing, ventilation, and design at an accessible price point. Whether you're a startup, small business, or growing team, you can create a quiet, productive workspace without overspending.

Fresh Air, Always

No one thrives in a stuffy space. Our Tuesday range features high-powered ventilation systems that fully refresh the air every three minutes – keeping you comfortable and focused, even during long work sessions.

Power and Connectivity

Each Tuesday booth comes with built-in power outlets, USB-A, USB-C, and Ethernet ports, so you don't have to interrupt your flow to search for a wall plug.

Smart, Energy-Efficient Lighting

Smart motion-sensor LED lighting ensures a well-lit workspace while saving energy. Need extra brightness? Adjustable desk lamps provide customisable lighting for reading, brainstorming, or video calls.

Tuesday

Private, practical, and purpose-build for solo focus.

of employees cite peripheral noise as their top distraction.

Branding Opportunities.

Every workspace is unique, and your booth should be no exception.
That's why we offer a range of customisations to ensure your soundproof booths and modular meeting rooms are tailored to your specific requirements. Customisations, involving larger adjustments, are made during the manufacturing process, allowing us to create a booth that integrates seamlessly into your space.
Please note that these changes may impact lead times as they require additional design and production steps.

Exterior Custom Decal

Interior Custom Framed Posters

Custom-branded frosted privacy film

Custom Acrylic Branding

These customisations are perfect for businesses with unique space requirements or specific functionality needs that go beyond our standard offerings. Our team works closely with you during the design process to ensure the customised booth meets your expectations in both form and function.

Ready to create a booth that's as unique as your business?
Let us help you design a workspace solution tailored to your exact needs.

ELASTIC SPACES

FOR DEEP WORK

Keeping Booths out of Landfills: Squaring the circle.

At Bureau, we believe that design and sustainability should go hand in hand, because building a better future means rethinking how we work today. Our booth solutions are designed with modularity and longevity in mind, reducing waste and maximising lifespan.

Through our recycling programme, we aim to prevent booth disposal in landfill. Through this programme, we facilitate the refurbishment, repurposing, or recycling of booths at the end of their lifecycle. By extending the lifespan of our products and diverting them from landfill, we significantly reduce their environmental impact.

Sustainability Driven.

We believe that great design shouldn't come at the cost of environment. That's why sustainability is built into every step of our process.

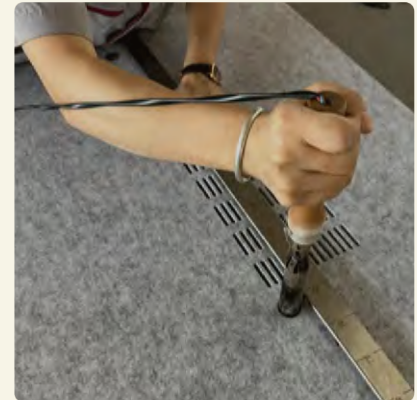

Recyclable materials

From recycled steel frames to sustainable wood panels, every material is chosen to minimise environmental impact.

Eco-Friendly Features

Motion sensor lighting & ventilation: saves power when not in use.

Refresh Programme

At Bureau we offer a 'Refresh Programme' to breathe new life into your existing acoustic modular booths. Revitalise the design or enhance functionality with refurbished parts, extending furniture lifecycle.

Lightweight Carbon Polymer Panels

Reduces weight and shipping impact.

Efficient flat-packed shipping

Every booth is flat-packed in recyclable corrugate, reducing packaging waste and transportation emissions.

Minimising emissions and waste

From production to shipping, we optimise our operations to reduce environmental impact.

Certifications.

Our commitment to sustainability is backed by a range of environmental and legal certifications that ensure our products are produced and maintained in an environmentally friendly manner.

ISO 14001:2015

Environmental Management Systems. Ensures our products are produced in an environmentally friendly way. We source from suppliers that are ISO 14001 compliant.

BIFMA Level 2

Sustainability standard for furniture, evaluating environmental, social, and health impacts.

FSC (Forest Stewardship Council)

Certification for Sustainable Forestry.

CE Marking

Indicates conformity with health, safety, and environmental protection standards for products sold within the European Economic Area.

ASTM E596 & ISO 23351-1

Certifies that the product meets recognised standards for sound insulation and acoustic performance.

ISO 9001 Quality

Management Systems. We source from suppliers that take quality seriously – meeting ISO 9001 standards.

ISO 45001:

Occupational Health & Safety Management Systems. Responsible sourcing is important to us – ensuring our suppliers meet international standards for occupational health & Safety. We source from suppliers that are ISO 45001 compliant.

ISO 14067:2018

Provides guidance and requirements for quantifying and reporting the carbon footprint of products, including goods and services. Focuses on greenhouse gas emissions and removals throughout the products life cycle, from raw material extraction to end-of-life. We source from suppliers that are ISO 14067:2018 compliant.

Care & Maintenance.

Our booths are designed to be low-maintenance and only require periodic cleaning and maintenance to keep them functioning optimally. Read our user manual, which provides detailed instructions on how to clean and maintain your booth.

If you have any concerns or questions, please feel free to contact info.uk@withbureau.com for assistance.

Bureau Marketplace

Life is full of changes; sometimes, it's hard to keep up. If you have a booth you no longer need, we can help you find it a new home. Our Bureau Marketplace is designed to connect you with non-profit organisations, charities, and impact ventures that could benefit from having your booth at a reduced price. We manage the entire process to ensure a smooth transition and a perfect fit for everyone involved. By finding a new home for your booth, it can continue to provide value and have a positive impact in its new setting; someone could always benefit from what you no longer need.

Refresh Programme

If you want to bring life back into your booth but avoid purchasing a brand-new one, our Refresh Programme is the solution you need. This service allows you to revitalise your booth without investing in a new one. You can refresh worn-out parts, improve existing features, and add new ones to enhance your booth's appearance and functionality. With our Refresh Programme, you can give your booth a modern and attractive makeover that will extend its lifespan and ensure it remains an efficient and dynamic space for your team. Enjoy the benefits of a refreshed booth tailored to your needs and goals.

Accidental Damage

Mistakes can happen at any time, and we understand that. That's why we have designed our booths with modularity in mind. Any accidental damage—such as scratches, dents, or broken parts—can be easily repaired or replaced. If your booth suffers any such damage, please get in touch with us straight away. We will work with you to assess the damage and offer cost-effective solutions to restore your booth to its best condition. This may involve replacing panels, glass, door hardware, or other components. Our aim is to provide timely and efficient service to minimise downtime and return your booth to its original state.
